

# Manual Activation of Transverter Pro 4.0 Windows

(for users whose PC does not have Internet connectivity)

This document will show step by step how to activate your copy of Transverter Pro 4.0 on your PC with out Internet Connectivity.

## STEP 1

After starting Transverter Pro for the first time, it will ask you to register for a 14 day trial, if you are an already registered customer you should have a new serial number. You may enter your full version serial number in the Serial Number field, and then click next.

## STEP 2

You will be prompted to either make a connection to the Internet, or choose an offline activation option. Click on the "Offline" button.

### STEP 3

You will be shown the above dialog, please select the option “Activate using a different computer that has web access”, then click the Next button.

## STEP 4

You will need to go to a computer that has web access. Use a web browser to navigate to <http://activate.esellerate.net>. The web page should look like the image below.

Here you will need to enter the Installation ID from the Product Activation dialog screen into the Installation ID field on the web page, and then click the submit button.

When you're finished, click the Submit button.

### STEP 5

**Activation Key**  
Use the Activation Key below to activate your purchased software.

**Notes:**

- If you are activating the software on this computer, you can save time by copying the Activation Key from this page and then pasting it into the appropriate wizard screen.
- You may want to print out this page for future reference.
- Adding this page to Bookmarks or Favorites in your web browser will not save the Activation Key information.

On the computer that will use the software, bring up the Manual Product Activation Wizard. (If you've closed the wizard since beginning the activation process, you'll need to use the activation features of the software to bring it up again.) Navigate to the Enter Activation Key screen and follow the instructions provided to complete activation.

Enter your email address and press "E-mail Activation Code" to send via e-mail.

Your Activation Key will be displayed and you will need to input the Activation Key on the PC that you are activating Transverter Pro Product on.

## **STEP 6**

When you return to the PC, click on the “NEXT” button, and you should see the following dialog appear.

The image shows a Windows-style dialog box titled "Product Activation" with a close button (X) in the top right corner. The dialog has a light gray background and a blue title bar. The main content area contains the following text and form elements:

**Enter Activation Key**

Enter your Activation Key in the fields below, using the Tab key to advance through the fields.

If you've copied the Activation Key to the Clipboard, you may paste the entire key in at once (using Ctrl+V).

When you're finished, click the Activate button.

Activation Key:  A -  B -  C -  D -  E  
 F -  G -  H -  I -  J

At the bottom of the dialog, there is a logo for "powered by esellerate" and four buttons: "Save", "Cancel", "Back", and "Activate".

Enter the Activation Key that you received from the [activate.esellerate.net](http://activate.esellerate.net) web page.

Once you have the Key entered and have checked that it was entered correctly, Click the Activate button. You should see a dialog appear containing the Installation ID and the Activation Key, stating that the Activation was a Success!

The dialog should look similar to the image shown below.

Once you see the above dialog, you know that your product activation has been completed successfully. Click the Done button, and enjoy your full activated version of Transverter Pro.
